## THE GAME

Happy Diamond is a video slot game, controlled by random numbers with four rotating reels and 10 possible pay lines. Each of the 4 reels is marked with symbols and each time a play is made, the four reels stop at random. In the play window a selection of a total of 12 symbols is then shown (3 symbols per reel). The amount you win depends on certain symbol combinations and the amount you bid.

## GAME RULES

- All line pay symbols must appear on a played line and on consecutive reels, beginning with the far left reel.
- Only the highest line win is paid on each line played.
- Line wins are multiplied by the number of credits bet on the winning line.
- Any win sends the reels into a free fall.
- All winning symbols disappear and new symbols drop down in their place, allowing for consecutive wins during the same spin.
- Scatter wins are awarded for symbols appearing in any position on the reels for any number of played lines.
- WILD substitutes for all symbols except the SCATTER symbol and DOUBLES the win if substituting.

## WILD

- WILD Symbol Substitutes all Symbols except SCATTER and DOUBLES the win if substituting.

Can be played either with the mechanical buttons or with the buttons on the touch screen (if available), or a combination of both.

## SCATTER

- Scatter wins are awarded for symbols appearing in any position on the reels for any number of played lines.
- Only the highest scatter win is paid each game.

## FREE SPINS

- 3 SCATTER trigger 15 Diamond Free Spins.
- 4 SCATTER trigger 30 Diamond Free Spins.
- Diamond Free Spins are using the same bet per line and number of lines as the initiating game.
- Free Spins can be re-triggered.
